

Department of Botany

"Identification and authentication of wild plants"

The Botany Department of Bhagawati Mahavidyalaya, Kurukali runs the best practice named "Identification and authentication of wild plants". In this activity, the students of pharmacy college visit our department. The teachers correctly identify the plant and give authorisation letters to the students for further studies. In this year 10 students visited our department for identification and authentication during 2025/26 academic year.

Dr. U. H. PATIL
Head of Department of Botany
Bhagawati Mahavidyalaya, Kurukali
